AWARDS BOOK

ART DIRECTORS ASSOCIATION OF IOWA

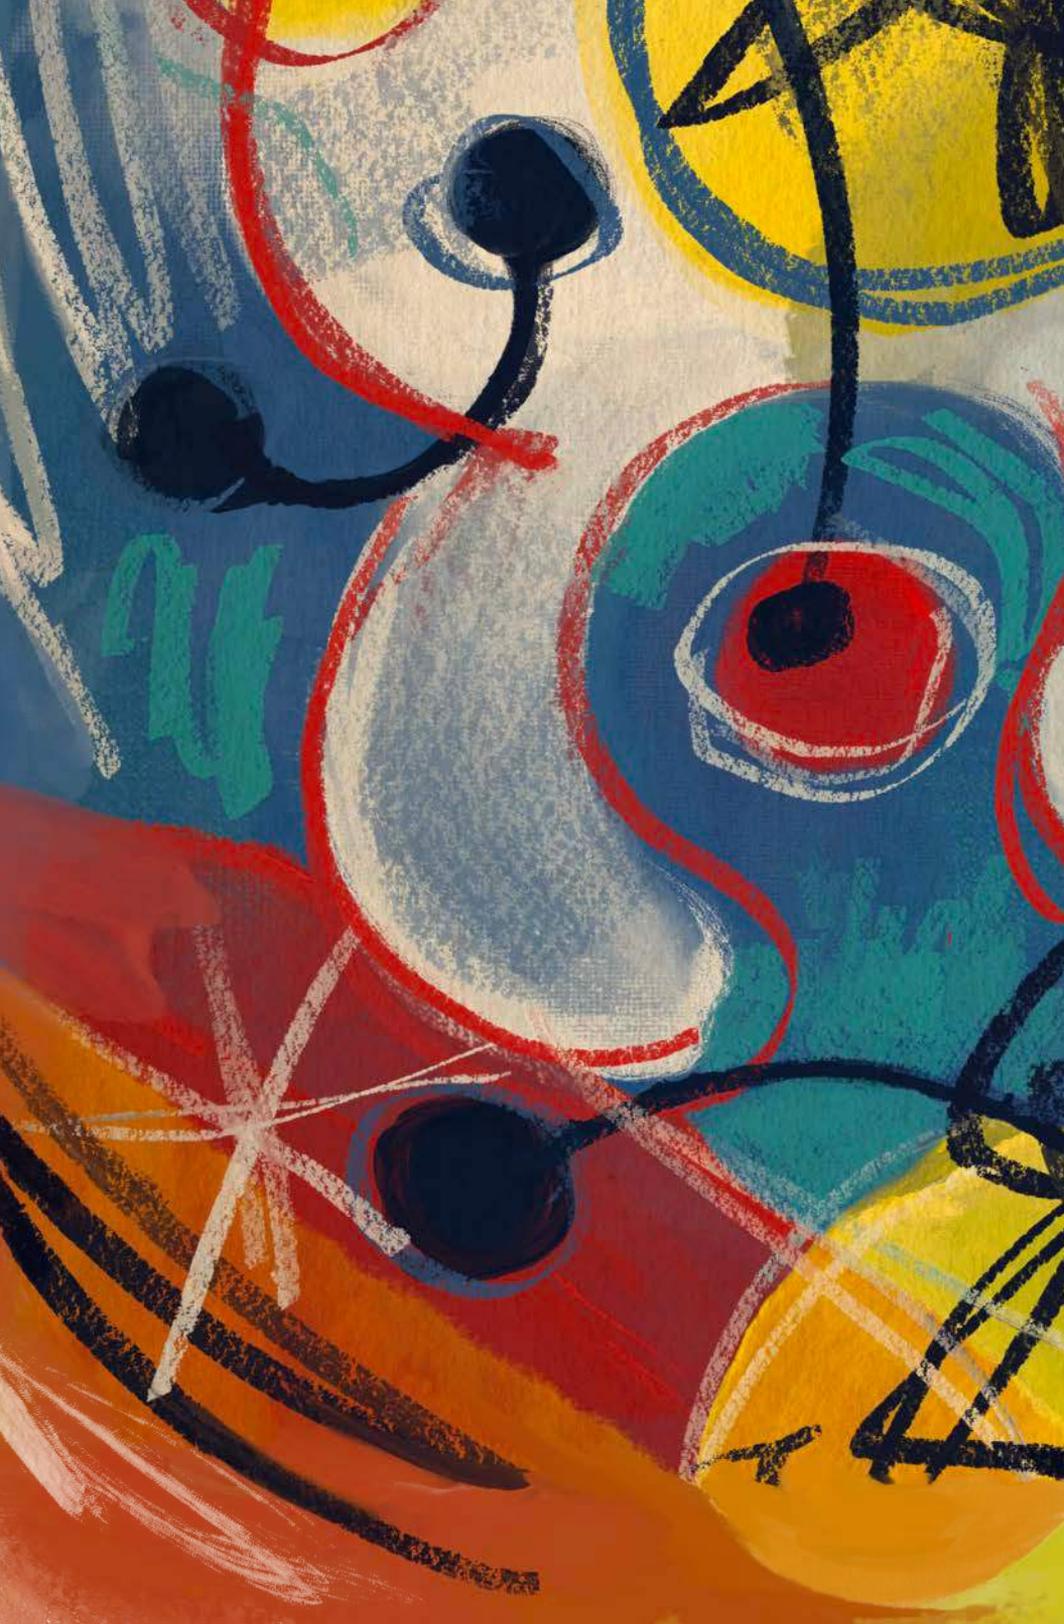

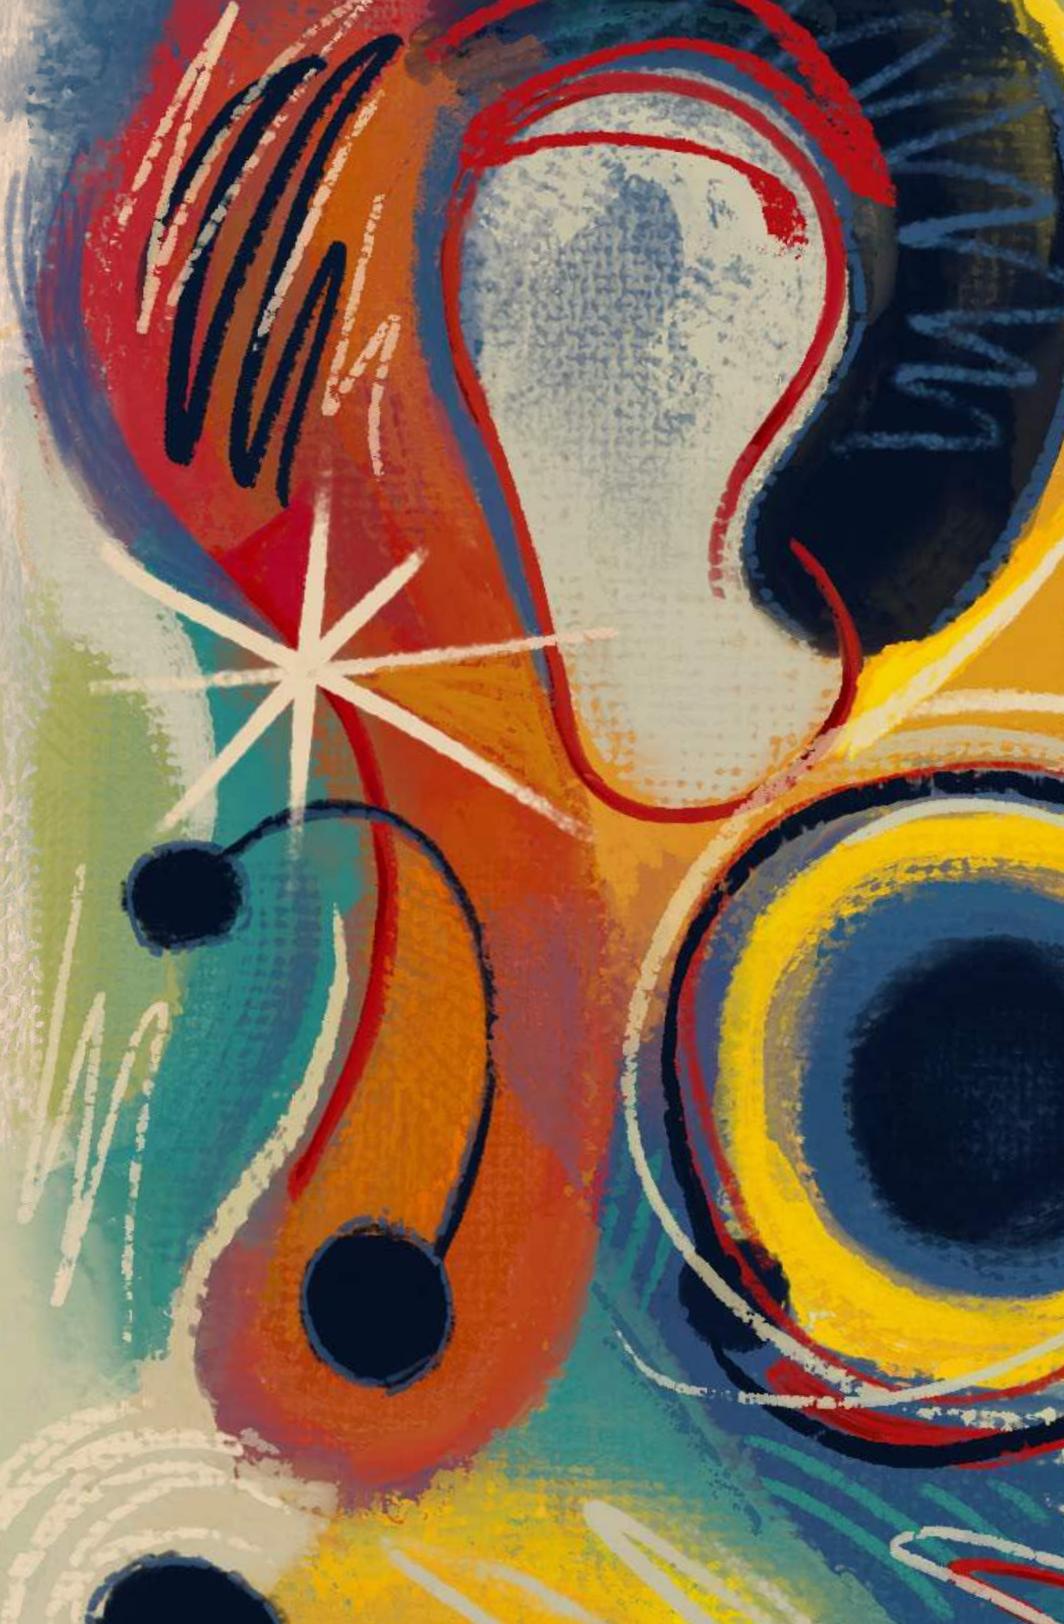

Art Directors of Iowa's
**67th Annual
Design Exhibition**

Since 1958, The Art Directors Association of Iowa has hosted an annual design exhibition that celebrates and awards student and professional designers across Iowa. For nearly seven decades, we've endeavored to lift up our fellow Iowans and build a community that showcases our talented peers.

This year, we celebrate the journey from curious creators to seasoned designers through this year's theme: Creative Freedom. When messy scribbles became masterpieces and every idea felt exciting, this theme honors the joy of creation before rules and precision took hold.

We are honored to celebrate our 67th Exhibition with you – thank you!

Site Specific Design: Ames History Museum

Task: Design a mural that celebrates the city of Ames, and needs to be inspired by something from its past, present, or future. This mural displays what establishes Ames' identity through geography, historical past and what still remains of that history in today's ever-growing and growing Ames Community. The style additionally reflects that of what is commonly shown in Ames History Museum and many pieces of cartography in the mural come from the Ames History Museum Archives. Additionally, The Drake River runs through the middle of the mural separating the imagery in half.

The dog lay dead in the parlor as the mice came to dinner of the men.
"The dog looked at the mouse, lying at the door, sniffing. Its eyes turned to Ben. It ran wildly in circles, barking at its tail, crouching to a hound, and died. It lay in the parlor for an hour. Two clicks, using a voice. Delicately moving through at last, the remnants of mice hummed out as softly as blown gray leaves in an electrical wind. Two others. The dog was gone."
